**Topaz Innovation**

EMPOWERING THAI INDUSTRY
BEYOND LIMITS

Driving Innovation to Propel Thailand's Industry Beyond Boundaries

1 TAILORED SOLUTIONS TO MEET UNIQUE NEEDS.

2 ON-SITE CONSULTING

3 ENSURING VALUE AND AFFORDABILITY

WITH JAPANESE EXPERTS

We collaborate with expert partners from Japan to bring cutting-edge technology to enhance your factory systems.

IMAGE PROCESSING

We specialize in image processing, creating systems that optimize image data for your factory operations.

END-TO-END SOLUTIONS

We handle everything from system design and development to installation and maintenance.

NON-CONTACT MEASUREMENT

Equipped with high-resolution cameras for non-contact measurement, making it ideal for delicate tasks requiring high precision.

CUSTOMIZABLE OPTIONS

Work sizes available from 500mm to 1800mm, with custom solutions up to 4000mm.

EASE OF OPERATION

Intuitive and user-friendly interface: simply select icons on the screen!
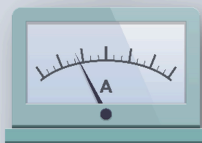

# アナログメーター 数値読取システム

METER BRIDGE
メーターブリッジ

Convert data from older meters with no digital output, automating manual tasks like visual checks and transcription to reduce human error — all at a reasonable cost!

IMAGE PROCESSING AI SERIES

Utilize AI to reduce costs and enhance the efficiency of your factory operations!

Overview:

Automates defect detection for materials like metals, films, and plastics using AI image recognition. Easy to use without programming skills, with support for equipment selection and setup. Perfect for enhancing inspection quality and efficiency.
